

BRAIN TEASERS

peaceCENTER 210.224.HOPE www.salsa.net/peace

Engaging, transforming and transcending conflict often involves creative thinking. We can train our brains to “think outside the box.” One way is by solving puzzles. Any puzzle will do— anagrams, sudoku, crosswords— or brain teasers like these. Play with the letters & numbers to find a common word or phrase. *EXAMPLE: eeeeeeeec answer: Tennessee*
The answers are below, but try to do them without peeking.
